

N2N Services Inc. is a leader in enterprise application and data integration for higher education. N2N's flagship product, the Illuminate platform, is an API integration platform, which provides standards-based, turnkey integrations. These APIs and integrations enable organizations to plug-in SaaS applications in a matter of minutes. N2N serves over 400 academic institutions and the Illuminate Platform processes over 2 million transactions per day as of January 2023.

Integrated Solutions for Endless Efficiencies

The exciting partnerships between N2N Services and multiple leading Workday customers currently deliver seamless integration between SIS (ex: Banner®), Workday™, and other related ancillary systems. N2N and Workday customers implemented and automated 200+ integrations with Workday HCM & benefits modules for the institutions. These integrations alleviate and eliminate manual workflows to enable student-centric and employee-focused processes. They also help with in-depth financial management, Human Resources (HR), time tracking, analytics, reporting, payroll processing, and skills development functionalities that cover the entire employee and student lifecycle.
